PROPERTY DESCRIPTION

Welcome to 6418 Gayfields Road, a stunning and glamorous Craftmark-built home with elegant high-end appointments throughout. This 6 bedroom, 5.5 bath beauty is truly a one-of-a-kind show place! There are plantation shutters throughout the entire home and gorgeous hardwood floors throughout most of the main level. The gourmet kitchen boasts granite counters, stainless steel appliances, including JennAir double wall ovens and cook-top, custom 42-inch cabinets with crown molding, an island with space for bar stool seating, recessed lighting and a double under-mount sink. Upgraded double crown molding is featured in the dining room, foyer, living room, family room and library. The spacious family room has a custom stone wood-burning fireplace, recessed lighting and a ceiling fan. A unique chandelier with a ceiling medallion, chair rail and box molding compliment the large formal dining room. The gracious 2-story foyer has box molding in addition to crown molding. Recessed lighting can be found in the great living room off the foyer. A nice breakfast area has a door leading out to the back deck. There is a terrific office/library with distinctive built-in bookcases, glass paneled French doors and recessed lighting. Custom built closets can be found throughout this home. The generous master bedroom features a cathedral ceiling with a fan, 2 walk-in closets, a sitting area surrounded by windows and a gas line for an optional fireplace. You will love the sumptuous spa-like master bath! It includes a separate shower, a deep soaking tub, an executive dual sink vanity and ceramic tile flooring. Two additional bathrooms with granite counters are on this level; one is the popular Jack-n-Jill style with access from 2 bedrooms. There are four other bedrooms with plenty of space as well. The upper level hallway has recessed lighting and a chandelier. The fourth level of this home boasts the sixth bedroom with a custom light fixture, a full bath and a loft area with 2 skylights. The fully finished basement consists of a huge rec room with recessed lighting, walk-out stairs to the back yard and gas fireplace with a stone front, a full bath with a custom vanity, a versatile den, a big storage room and rough-in plumbing for a wet bar. Other great features of this home include sprinkler and alarm systems, 9-foot ceilings and a separate laundry room with garage entry on the main level and a flowing, open floor plan that is perfect for entertaining. All this and so close to Metro, Fort Belvoir and the Kingstowne Town Center with its shops, restaurants and 16-screen Regal Cinema.
